#### PATENT INFORMATION:

Provisional patent application filed in 2021.

#### SUMMARY:

Tired of tying your tablecloth with heavy stuff to prevent it from blowing away? The 2-in-1 Disposable Tablecloth is here to make your life a breeze. What makes the 2-in-1 Disposable Tablecloth unique is its conversion into a trash bag. This spectacular table cover is made out of durable, lightweight, and

biodegradable plastic, the same that is used in traditional heavy-duty trash bags. An elastic band runs around the perimeter of the 2-in-1 Disposable Tablecloth, allowing it to hug any regular size picnic table and preventing it from blowing away in heavy winds or being pulled off by accident.

Our product brings you convenience and peace of mind with its snug-fit design that makes it perfect for standard picnic tables. Our disposable plastic tablecloth will keep your area clean and allow you to wrap up everything within seconds. Just fold up each hanging side towards the center and tie 2 or 4 of the ends together, then you are ready to lift the 2-in-1 Disposable Tablecloth and dispose of it.

**About the Developer**

Monica Faye Fly came up with an idea of a 2-in-1 disposable plastic tablecloth with dual function properties of becoming a tablecloth and later turning it into a trash bag to clean up the mess within seconds. The purpose of inventing this amazing tablecloth is to offer convenience and peace of mind and make your event experience hassle-free.
